Wash hands after applying product. Always patch test clients before use.

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical, 1.60 – 1.80
Vapour Density (Air=1)	N/A
Molecular Formula	C ¹⁴ H ²² N ² O, HCl, C ⁶ H ⁶ O, C ²² H ³⁰ Cl ² N ¹⁰ , H ² O, C ⁸ H ⁸ O ³
Solubility in Water	Insoluble, but miscible in water
Appearance	Light pink/brown viscous cream
Odour	Slight Odour

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None
Incompatibility With Other Materials	Avoid Strong Acid or Strong Alkaline
Decomposition Products	None
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. This product is intended for implantation into the skin by trained professionals only. There have been no noted dangerous health effects caused by exposure to this product subject to the patch testing instructions being followed prior to use. Both Lidocaine and Phenol are harmful if swallowed, inhaled or absorbed through the skin in large quantities. The oral LD50 is 220mg/kg (mouse) for Lidocaine and ~300mg/kg (mouse) for Phenol.

12. Ecological Information	
Declaration	Always use good work practices; do not knowingly dispose of the product into the environment. Use correct disposal methods at all times

13. Disposal Caution	
Disposal Information	This product is considered as non-toxic and non-hazardous waste depending on its use. Once it comes into contact with skin it then may be classed as contaminated waste and will need to be disposed of under the regulations set by your local authority.

14. Transportation Information	
Specific Risks	No Warnings to Indicate
International Transport Classification	Not Classified
ADM Road Transportation	Not Classified
RID/RPM Rail Transportation	Not Classified
IMO/IMDG Ship Transportation	Not Classified
DOT Shipping Name	N/A
DOT Hazard Class	N/A

15. Regulatory Information	
Classification Type	European standard of compliance 76/768/EEC, registration no. ATS 2006302

16. Other Information
